Annual report: DÜRR AG

Company Profile

Dürr AG engages in the business of mechanical and plant engineering, which focuses on automation and digitalization. It operates through the following divisions: Paint and Final Assembly Systems, Application Technology, Clean Technology Systems, Measuring & Process Systems, and Woodworking Machinery & Systems. The Paint and Final Assembly Systems division plans and builds paint systems and final assembly lines for the automotive industry and supplies software for the over-arching production control. It also includes testing and filling technology for automotives, and assembly and test systems for medical devices. The Application Technology division develops and manufactures products and systems for the automated application of paint, sealants, and adhesives. The Clean Technology Systems division specializes in exhaust gas purification systems and energy efficiency technology. The Measuring and Process Systems division offers balancing and diagnostics equipment, and industrial filling machines. The Woodworking Machinery and Systems division develops and produces machinery and systems for the woodworking industry. The company was founded by Paul Albert Dürr in 1896 and is headquartered in Bietigheim-Bissingen, Germany.
