Express bonds | Description

This express bond refers to the share of voestalpine AG. Regardless of the performance of the underlying, there is an annual interest payment of 4.00 % p.a. The bond will be redeemed on 04/12/2023 if there is no automatic early redemption.

There is an automatic early redemption, if the closing price of the underlying is at or above the strike price on the valuation date (27/11/2020, 29/11/2021, 28/11/2022). Then the early redemption amount of 100.00 % is paid on the repayment date.

If the express bond has not been redeemed early, there are two possibilities at maturity:

1. If the closing price of voestalpine AG is above the final-redemption-barrier on the last valuation date (27/11/2023), investors receive the nominal amount (1,000 EUR) plus the interest payment of 4.00 % p.a. for the last year.
2. If the closing price of voestalpine AG is at or below the final-redemption-barrier on the last valuation date (27/11/2023), a predetermined number of shares of the underlying is delivered, in addition the interest rate of 4.00 % p.a. for the final year is paid. Fractions of shares are settled in cash. In this case there is a capital loss.
