of insolvency or over-indebtedness or from an official order (bail-in regime). A total loss of invested capital is possible.

Index/Participation Certificates | Description

With this index certificate investors directly participate 1:1 on the performance of the underlying instrument, Solactive ERSTE Green Invest Index. This index invests according to sustainability criteria and provides a robust, globally diversified asset allocation.

The certificate has an unlimited term and is suitable for long-time investment. With a management fee of 1 % p.a. the cost structure is interesting. The certificate is exchange traded.

The underlying of this index certificate is the Solactive ERSTE Green Invest Index. Through the index and its six sustainable investment funds (ETFs) of iShares investments are made worldwide in thousands of stocks and bonds that meet the strict sustainability criteria of the MSCI SRI indices. The asset allocation of the portfolio with 60% global equities and 40% EUR bonds aims to balance long-term return and expected risk.

Secondary market

During the term it is possible to sell the product during the trading hours at the exchanges, where the product is listed.
