### Reverse convertibles | Description

This bonus pro bond refers to the share of Österreichische Post AG (underlying). It has a fixed term of two years and a possible yield of 40 % upon maturity. No interest will be paid during the term.

The redemption at 140 % (= 100% nominal amount + 40% bonus) upon maturity depends on the performance of the underlying.

1. The underlying is at or above the strike price on the valuation date (26/09/2024). Then investors receive the redemption rate of 140 %.
2. The underlying is below the strike price on the valuation date. Then investors receive shares of Österreichische Post AG according to the ratio (nominal amount / strike price). Fractions of shares are settled in cash. In this case there is a capital loss.

The issuer and its affiliates may - without being obliged to - act as market maker for the underlying.

### Secondary market

During the term it is possible to sell the product during the trading hours at the exchanges, where the product is listed.
