Express bonds | Description

This express bond refers to the share of Raiffeisen Bank International AG. Regardless of the performance of the underlying, there is an annual interest payment of 7.25 % of the nominal amount. The bond will be redeemed on 01/12/2026 if there is no automatic early redemption.

There is an automatic early redemption, if the closing price of the underlying is at or above the strike price on one of the valuation dates (24/11/2023, 25/11/2024, 24/11/2025). In this case investors receive the respective early redemption amount of 100.00 % on the repayment date (01/12).

If the express bond has not been redeemed early, there are two possibilities at maturity:

- If the closing price of Raiffeisen Bank International AG is at or above the final-redemption-barrier on the last valuation date (24/11/2026), investors receive the nominal amount plus the interest payment of 7.25 % for the final year.
- If the closing price of Raiffeisen Bank International AG is below the final-redemption-barrier on the last valuation date, then investors receive a predetermined number of shares of the underlying, in addition the interest of 7.25 % for the final year is paid. Fractions of shares are settled in cash. In this case there is a capital loss.

The issuer and its affiliates may - without being obliged to - act as market maker for the underlying.
