Guaranteed products | Description

The ERSTE Global Invest Garant (VI) 23-27 refers to the STOXX® Global 1800 Price Index EUR as underlying, has a fixed term and will be redeemed on 03/10/2027 (maturity). During the term there is no interest payment and investors do not receive any other proceeds.

The redemption at maturity depends on the performance of the underlying. Redemption is at least 100.00 % of the nominal amount (minimum redemption amount) and at most 130.00 % of nominal amount (maximum redemption amount). The participation on the positive performance of the underlying is capped at 30.00 %. Above this cap there is no participation on a possible further positive performance of the underlying.

The redemption amount is determined as follows:

1. In case of a positive index performance investors receive this positive performance in addition to the minimum redemption amount and at most 130 % of nominal amount (maximum redemption amount). The participation on the positive performance of the underlying is capped at 30 %. Above this cap there is no participation on a further positive performance of the underlying.
2. In case of a negative performance the capital guarantee applies and investors receive 100 % of the nominal amount (minimum redemption price).

The STOXX® Global 1800 Price Index EUR contains 1800 shares from the regions Europe, North America and Asia/Pacific. The stocks in the three regional indices are each weighted according to their free float market capitalization. When selecting the shares, attention is also paid to the minimum liquidity of the shares. The weights of the shares in the index are rebalanced quarterly. The underlying is a price index. This means, dividend payments of the companies in the index are not included in the calculation of the index. Further information on the index can be found at STOXX® Global 1800 - Qontigo

Secondary market

During the term it is possible to sell the product during the trading hours at the exchanges, where the product is listed.
