Express bonds | Description

This express bond issued by Credit Suisse AG refers to the share of Erste Group Bank AG. Regardless of the performance of the underlying, there is an annual interest payment of 4.75 % p.a. The bond will be redeemed on 31/10/2024 if there is no automatic early redemption.

There is an automatic early redemption, if the closing price of the underlying is at or above the strike price on one of the valuation dates (27/10/2021, 27/10/2022, 27/10/2023). In this case investors receive the respective early redemption amount of 100.00 % on the early repayment date.

If the express bond has not been redeemed early, there are two possibilities at maturity:

1. If the closing price of Erste Group Bank AG is at or above the final-redemption-barrier on the final valuation date (28/10/2024), investors receive the nominal amount plus the interest payment of 4.75 % p.a. for the last year.

2. If the closing price of Erste Group Bank AG is below the final-redemption-barrier on the final valuation date, then investors receive a predetermined number of shares of the underlying according to the ratio (nominal amount / strike price). In addition the interest of 4.75 % p.a. for the final year is paid. Fractions of shares are settled in cash. In this case there is a capital loss.
